- 69. What happens when a language die?

Another thing is paying attention to physical health. For example, eating healthy foods helps people live longer and prevents diseases. Eating junk food makes people gain weight, and increases the risk of heart attack. Eating balanced servings of bread, vegetables, fruits, protein and oil is necessary for everyone. Also daily exercises improve people's health condition.

- 70. What is the title of this short paragraph?
- 71. Write one main idea for this paragraph.
- 72. What is the synonym for the word "improve "in this paragraph?
- 73. Gain weight means.....

Children and teenagers who regularly drink soft drinks and other sweetened drinks are more likely to be overweight. Drinking water instead of sweetened drinks also prevent dental problems, while the fluoride found in tap water can help strengthen teeth and bones. Milk is a nutrition drink for kids and teens and great source of calcium, which is important for growing strong bones and teeth.

Giving kids and teens whole fruit to eat is a better choice than offering fruit juice to drink . While whole fruits some natural sugars , which make it taste sweet , it also has lots of vitamins , minerals and fiber . So , I think drink water is the best way to quench your thirst . Even better , it doesn't come with all the sugar and energy found in fruit juice .

- 74. What is the best drink?
